Re: Water Rate Change

The Roosevelt Irrigation District Board is pleased to notify you of a decrease in our water rates. The District will finish our fiscal year under budget! The savings are the results of improved efficiencies and declines in energy cost. During the last board meeting your directors voted to pass these saving along to our customers. The new rate for water will decrease to \$47.00 per acre-foot, effective July 1st.

If you have any questions please call.

Regards,
