Attention RID Customers,

The Roosevelt Irrigation Board of Directors has set the 2024 Allocation. The new limit will be 6.25 AF of water per acre. This allocation will start as of January 1<sup>st</sup>, 2024. Starting in January your monthly statement will reflect this new allocation and the remainder as the year progresses.

Last year our allocation began at 5.6 AF and was increased to 5.76 AF in April, then in April we were able to remove all allocation for the remainder of 2023 due to the amount of spill water we were receiving.

If you have any questions, please call our office.

Thank you,
