MEMO:
TO ALL RID CUSTOMERS

RID has received a number of complaints concerning private facilities.

RID policy is not to get involved in private facility disputes. RID is not responsible for flooding, ditches full of debris, leaky ports or broken cement which affects water flow thru the private system. The ditch that runs thru your property is private. The home owners or home renters are responsible to maintain the ditches that deliver to their property. Ditches not being maintained hurt everyone downstream and causes everyone water loss and increased costs.

For any questions please contact us on our website
